

2010-11 Application

Magnet Schools, Magnet Programs, Optional Programs, and High School Open Enrollment

Middle and High School: Grades Six Through Twelve

Application Deadline

January 8, 2010

Students new to the district may apply after the deadline, but placement is dependent upon available openings and admission criteria of specific programs.

- Submitting an application **does not** guarantee placement in a program/school.
- **Subsequent Applications:** Submitting an additional application will void the previous application.
- Falsifying information to gain entrance into a school will void your child's eligibility to attend that school.
- Students are expected to remain in a program for one full year.
- Waiting lists are not maintained from year to year.
- Students currently enrolled in traditional magnet elementary and middle schools/programs should not fill out an application for a traditional middle/high school.
- All students will be placed by the end of the school year.

Information on race will not be used in the assignment of an individual student.

Parents of siblings who share the same birth date (twins, triplets, etc.) who are applying to a traditional magnet school or the Brown School must submit a separate application for each child, but these applications will be treated as one application. Traditional magnet schools and the Brown School give no priority to the siblings of students previously enrolled.

Is the applicant a twin, triplet, etc.? Yes No

If yes, give name(s).

Is the twin/triplet, etc., applying to the same school? Yes No
