

DuPont Manual High School

### Technology Utilization, State Standards, and Program Appraisal

The Technology Committee shall determine technology utilization, alignment of state standards, and program appraisal. The principal shall forward to the committee chairperson all information available regarding these areas. The Technology Committee chairperson will be responsible for forwarding the Technology Plan to the SBDM Council for approval. The Curriculum Committee shall be responsible for the inclusion of this plan into the Comprehensive School Improvement Plan of the school.

Sustained analysis of the extent and whether our programs contribute adequately to which our students are meeting state standards within the timetable set by KDE.

Ongoing monitoring and evaluation of the implementation of the impact of our programs.
